

AWS | MANAGED AWS OUTPOSTS

Streamlining your AWS Outposts experience.

Building upon its Amazon Web Services (AWS) Outposts portfolio, the Managed AWS Outposts service streamlines the procurement, logistics, workload migration and ongoing management of AWS Outposts, allowing betting and gaming operators and suppliers to focus on launch activities. All this, while Continent 8 continues to provide best-in-class connectivity and seamless access to all AWS Direct Connect (DX) on-ramp locations.

Benefits

Optimise management overhead

Profit from a comprehensive service that manages AWS Outposts and infrastructure, allowing you to focus on your organisation's core betting and gaming operations.

Streamlined support

The Managed AWS Outposts service streamlines support efforts, minimising multi-party involvement and ensuring efficient troubleshooting support with minimal downtime.

Global connectivity

Leverage a global network to facilitate the hosting of AWS Outposts in any regulated jurisdiction, while benefiting from secure, reliable and low-latency connectivity.

Why Continent 8?

Trusted partner

The trusted advanced partner in delivering 90% of AWS Outposts to the biggest brands – including FanDuel and Hard Rock Digital – in the regulated betting and gaming market.

AWS SPP member

As a member of the exclusive AWS Solution Provider Program (SPP), we provide a full range of professional services to streamline the management of AWS cloud environments and infrastructures.

AWS-specialised

A dedicated team of 30+ AWS-certified and AWS-trained experts available to deliver and support high-touch AWS solutions tailored to each customer's unique requirements.

"Continent 8 are a key and strategic partner for FanDuel and the combination of Continent 8 Data Centre services and Amazon Web Services has enabled FanDuel to focus on its mission of being absurdly fan-focused by delivering the best product in the industry."

Shane Sweeney, VP of IT at FanDuel
